

## PICK 20 POLICE FOR FAIR GROUNDS

GROUND AND CITY TO BE WELL POLICED NEXT WEEK.

## URGE ONE-WAY TRAFFIC TO AVOID CONGESTIONS

Take First Street to Exhibition and Others on Return, Chief Moberly Advises.

A special police of about twenty men will assist the regular officers in maintaining order both uptown and at the grounds during the Nodaway county fair here next week, Mayor U. S. Wright announced this morning. A. O. Mason, president of the fair association has selected six men for the work, James A. Ford, fair manager, will select about ten, while Mayor Wright and Marshal Moberly will pick five or six Saturday or Monday.

The officers selected by Mr. Mason and Mr. Ford will patrol the fair grounds and the streets leading to the grounds, while those picked by the city officials will maintain order up-town. In order to better facilitate traffic to and from the fair grounds next week, and thereby eliminate congestion in traffic and lessen the danger to pedestrians, Chief Moberly today, issued a notice, that all traffic towards the fair, shall be on East First street, and that all traffic from the fair grounds shall be on East Second, East Third and East Fourth.

**Balloonist Is Here.**  
While this order was promulgated primarily to regulate the commercial business that week, it also will affect those who drive their own cars or vehicles. It is suggested that the cars be stopped at First and Depot streets, and then when returning to the city, they be driven north on Depot to either Second, Third or Fourth.

J. G. Wright of Oklahoma City, Okla., arrived in Maryville today to prepare for his balloon ascensions at the fair grounds each day next week. Mr. Wright carries the marks of an aviator or balloonist wherever he goes, for he has a peg leg, received in a fall from a "gas bag" years ago.

But he has not daunted him in his flying a bit he says. In fact each time he flies, he goes a little higher and makes a little more spectacular leap from the parachute, he says. He will compete with Capt. J. H. Worden in aerial stunts, Worden in a heavier-than-air-machine, and Wright in a gas bag.

**And Then the Fireworks!**  
Another big entertainment planned for the county fair here next week, is the pyrotechnical displays to be again given this year by "Fearless" Blondin

the sinking of the steamship Lusitania. It can not be described, but as Mr. Blondin himself says, the better way is merely to imagine the way the real Lusitania went down in the Atlantic ocean, recently, and that way catch an idea of what will be shown here by him next week by fireworks, many of which he himself makes.

**Here to Prepare Race Charts.**  
Blondin has nearly everything already arranged for the displays, and now only awaits the opening of the big fair grounds gates next Monday night, to give his week of pyrotechnical marvels.

W. G. Geary of Oklahoma City, who had charge of the distribution of the racing programs at the county fair here last summer, arrived in Maryville this morning to again get up the racing charts and programs for next week's exhibition.

## FINISH INSPECTION

CLUB WOMEN COMPLETE TOUR OF CITY FOOD SHOPS.

## REPORT IS FAVORABLE

"White List" Placards Placed in All Places Which Meet Requirements of State Sanitation Laws.

A thorough inspection of all food shops, bakeries, cafes and hotels in the city, made this week by the home economics committee of the City Federation of Women's Clubs, has shown conditions to be extremely good, and in every case compliance was made with all state sanitation laws and only in a few minor ways could adverse censure or criticism be made.

A few of the places in the list of food supply shops are yet to be visited. The committee is composed of Miss Orril Helwig and Miss Jessie Parcher. In the inspection, every detail in accordance with the strictest rules of sanitation and hygiene was judged, and similar trips will be made at intervals to see that the conditions remain good. "White List" placards were hung in all the places visited showing the shop met the requirements of the state laws.

**Twenty-Six Places Inspected.**  
The places inspected were Townsend, Remus, Schumacher, Byers, McCaffrey & Sons, J. B. Nunnally, Buhler, Andrews & Hempstead, and Culverson grocery houses; Townsend wholesale grocery; Forsyth, Vandersloot, Buhler, Reimer and A. Stapler, meat markets; Lindville, Ream and County Seat hotels; Merchants Cafe, Reuillard's, Cook home bakery, Moyer & O'Grady, Binter & Luger, restaurants and bakeries; Elliott Bros., and the Orear and Pierson drug stores.

Because of the absence of the proprietor, the committee deferred the inspection of the Candy Kitchen until a later date. The places yet to be visited are the Forsyth and Vandersloot slaughter houses and the Siler & Smith restaurant, which completes the number in the city.

**Special Mention for Several.**  
Several places visited were given a special mention by the committee. These were the Townsend and Remus grocery, Forsyth, Vandersloot and Stapler meat markets, and the Merchants cafe. In all of these places the committee found conditions, by the use of the newest and best of sanitary equipment and arrangement to be exceptionally good. In the list of "honorable mention" is also included all the soda fountains in the city. In these cases the inspection was very carefully made and there was none but which stood the most thorough test with the highest approval of the committee.

**Police Court Fines Two \$20.**  
Frank Monroe was fined \$5 and costs for drunkenness and \$5 and costs for vagrancy, and Bert Martin was fined \$10 for disturbance of the peace in police court this morning. Neither paid, but promised to soon. Each pleaded guilty to the charges.

## 62 FRENCH PLANES ATTACK WAR PLANT

DILLINGEN, GERMANY DAMAGED BY FALL OF 150 BOMBS.

## IT WAS GREATEST AIR RAID IN PRESENT WAR

Entire Franco Aerial Fleet Takes Part in Night Attack on Prussian City—Destruction in Wake.

Special to The Democrat-Forum.  
Paris, August 26.—Dillingen, Germany, the seat of war munition factories, was attacked last night by sixty-two French aeroplanes, which dropped one hundred and fifty bombs on the town, resulting in great damage to blast furnaces, arms factories and converted plants which turned out war munitions, beginning with the outbreak of the war.

It was the greatest air raid since the outbreak of the present European war. The attack came without warning, and included virtually the entire aerial fleet of the French government.

Dillingen is in Prussia, Germany. It is a small city, but is the seat of many war munition factories at present, employing much help. It is not far from the France-Germany line.

## FEDS WIN 5 TO 1 FROM BURLINGTON

Maryville Scores First Two in Second Inning—Attendance 800—Locals Play Airtight Ball.

The Maryville Federals won from the Burlington Junction Boosters this afternoon 5 to 1 in the first game of the base ball tournament today. Burlington Junction got its only run in the ninth inning. The attendance was 800. All Federal players played airtight ball. The score by innings:

First inning—Burlington Junction—Ryan struck out. Beesinger flew out to Scott. Castle hit through short, stole second. Graham flew out to center. No runs, no hits, no errors.  
Maryville—Morse hit to left. Palfreyman hit to third, forced Morse at second, Palfreyman goes to second on passed ball. Walker struck out. Richardson first base on balls. Palfreyman goes to third on passed ball. Palfreyman scores on passed ball. Richardson takes third. Horan hit through second, Richardson scoring. Horan steals second. Scott out, second to first. 2 runs, 2 hits, no errors.

Second inning—Burlington Junction—Hagey out at first, Scott to Tilson. Monk struck out. Sewell flew to center. No runs, no hits, no errors.  
Maryville—Tilson struck out. Woodard struck out. McKee struck out. No runs, no hits, no errors.

Third inning—Burlington Junction—Browning struck out. Wyland walked. Ryan flew out to right. Beesinger flew out to right. No runs, no hits, no errors.

Maryville—Morse flew out to center. Palfreyman struck out. Beesinger muffed Walker's line drive to center. Richardson hit to second, who fumble ball. Walker out trying to make third from first. No runs, no hits, one error.

Fourth inning—Burlington Junction—Castle fouled out to Walker. Monk out. Palfreyman to Tilson. Sewell out same route. No runs, no hits, no errors.

Maryville—Horan hit to center for two bases. Scott flew to short. Horan steals third. Tilson hit to center and takes second on throw to catch Horan, who scores. Woodard walks. McKee walks, filling bases. York now pitching for Burlington Junction. Morse struck out. Palfreyman struck out. 1 run, 2 hits, no errors.

Fifth inning—Burlington Junction—Monk flew to Palfreyman in deep short. Sewell struck out. Browning singled to right. York walks. Ryan hit to Palfreyman, who doubled York at second. No runs, no hits, no errors.

Maryville—Walker hit to center. Richardson out. York to Graham. Walker safe at third, Graham to Browning. Horan out. York to Graham. Scott struck out. No runs, 1 hit, no errors.

## W. C. YATES, MILITIA OFFICER

Burlington Junction Man, Formerly of Marine Service, New Lieutenant of Company F.

William C. Yates, who has been employed at Caldwell & Sons', near Burlington Junction, was elected first lieutenant of Company F, Fourth regiment, National Guards, at a special election last night to succeed Loren DeMotte, who resigned last spring.

Mr. Yates has had four years' service in the U. S. marine corps. He expects to move to Maryville soon, according to Captain John K. Ross, and go with the company to the annual encampment at Kansas City, September 5-12.

An outdoor drill was held by the company last night, following election. This is the first for several months. Captain Ross intends to hold drill tomorrow night and every night next week, so as to get the members in good training before encampment.

## FEDS TAKE FIRST

HOPKINS LOST OPENING CONTEST OF TOURNEY.

## CONTEST ONE RESULT

Junctionites Played Five "Imports" Instead of Four, Losers Claim—McKee Pitches for Locals.

The Maryville Federals easily won from Hopkins in the opening game of the three days' base ball tournament at the Normal grounds yesterday afternoon, defeating that team by the score of 10 to 0. The Burlington Junction Boosters also had fairly easy picking in the Guilford team, winning by the score of 5 to 1.

This means that Maryville and Burlington Junction are playing the first game this afternoon, starting at 2 o'clock, while Guilford and Hopkins will take up the contest next. The Guilford management is raising some little fuss this morning over the fact that Burlington Junction played five outside players yesterday afternoon, instead of four, as they announced.

It may result in yesterday's game between the two teams being played over again. Manager Cleve Funk announces. Yet, as Guilford was behind two scores when the change from four to five outside players was made, it would have made no difference anyway, for Guilford never got scores enough to even up.

**Started All Right.**  
In starting the game Burlington Junction played Ryan, Pruitt, Castle and Graham, each said to be "imports" for the tournament. In the first of the fourth inning Pruitt was succeeded by York. This made but four "imports" being played at the same time, but the rule is that only four "imports" can be played during a game.

The lineup of the Maryville Federals in the opening game this afternoon is: McKee, p; Richardson, c; Tilson, 1b; Scott, 2b; Walker, 3b; Palfreyman, ss; Morse, lf; Horan, cf; Willey, rf.  
The lineup for Burlington Junction is: Ryan, ss; York, cf; Castle, c; Graham, 1b; Monk, 2b; Hagey, lf; Sewell, rf; Browning, 3b; Wayland, p. Wayland comes from the Kansas City Athletic club team of Kansas City. York of Troy, Kan., also is on hand to succeed Wayland if necessary.

**The Outlook Today.**  
In the game between Guilford and Hopkins, Frank Ham will probably pitch for Guilford, with Green of Dearborn, the fellow who killed a player at Dearborn two months ago by a pitched ball, on the bench as assistant if need be.

Hopkins will put Harry "Frosty" Thomas in the box. The remainder of the lineup for both Hopkins and Guilford will remain virtually the same as was presented yesterday.

The games yesterday were attended by about 700 persons, many from out of town. Burlington Junction perhaps furnished the largest crowd of rooters, and also will probably repeat today.

Will McCarty of Stanberry and Lang of Clearmont acted as umpires yesterday.

The score of the game between Maryville and Hopkins:

R.H.E.  
Hopkins ..... 00000000 — 0 2 4  
Maryville ..... 40100500 — 10 5 5  
The score of the game between Guilford and Burlington Junction:

Burlington Jct ..... 02102000 — 5 1 1  
Guilford ..... 01000000 — 1 5 2

## HAVE MARKED O.K. SHORT LINE SOUTH

PUBLIC HIGHWAY MARYVILLE TO COUNTY LINE DESIGNATED.

## ST. JOE LABELS ROAD ON NORTH TO SAVANNAH

Commercial Club Committee Here Places Markers at Each Crossroad and Danger Point.

The O. K. route from Maryville to the south line of Nodaway county and from St. Joseph to this side of Savannah is now charted and marked, so that only a blind or drunken person could get off the trail now, according to W. R. Jackson, secretary of the Commercial club.

The highway committee of the club, of which John H. Sewell is chairman, has just completed the marking from Maryville to the south county line, while the St. Joseph Automobile club marked the highway from that city to this side of Savannah.

Three and four marks were placed at each cross road and danger signals installed at every bad turn or railroad crossing, or any other place in the course that would probably be dangerous or result in persons traversing it to get off the route.

The mark consists of a white band eighteen inches wide with a 6-inch red band both at the top and bottom.

**Shortens Route to St. Joe.**  
The highway south of Maryville follows the old Glidden route, in an almost due south direction, with the exception of several jogs near Bridge-water. It makes the distance forty-four miles from Maryville to St. Joseph, or six miles shorter than to the same places on the Saints' Highway.

Both routes leave Maryville over South Main street, but diverge a short distance south of town.

The highway is being put back in nearly normal condition now and the damaged bridges and bad places, caused by the recent heavy rains, is slowly being repaired. The traffic over both the Saints' Highway and the O. K. route this summer has been quite heavy on account of so much cross-country travel to the Pacific coast.

## BRIDGE REMAINS IN CREEK

Two County Gangs Fail to Recover White Cloud Span Near Davis School.

After two unsuccessful attempts to recover the bridge which spanned the White Cloud in White Cloud township, west of the Davis school house, until the flood waters took it out recently, W. M. Blackford, presiding judge of the county court, is considering a proposition to get expert divers to locate it.

J. E. Reece, county highway engineer, first took a gang there to get the bridge out of the creek, but failed, after which Edward Hollenabee was sent with a force of men to recover it, with the same results. They say the structure is beneath the water.

## NET IN CONVENTION.

Sunday Schools of Green Township Held Session at Quitman Yesterday and Elected Officers.

A convention of the Sunday school of Green Township was held Wednesday at Quitman in the Christian church. The officers elected were:

President, A. Reed; vice president, Miss Nina Bowman; secretary, Mrs. Pauline Smith; treasurer, Miss Edness Smith; Superintendent elementary department, Miss Ethel Gillingier; superintendent secondary department, Mrs. Dick Brooks; superintendent adult department, Mrs. J. A. Crites; superintendent home department, Mrs. A. Britton; missionary department, Mrs. Mark Carden; temperance department, Mrs. S. S. Wolcott.

The convention was fairly well attended and a great interest shown. Rev. Cunningham of Skidmore gave an address at the meeting last evening. Misses Nellie Wray and Eva Davis and H. C. Bower of Maryville attended the meeting, Miss Wray sang a solo before the convention.

**Ravenwood Guests Here.**  
Mr. and Mrs. Alfred Crater and family of Ravenwood spent Tuesday in Maryville visiting Mrs. Crater's parents, Mr. and Mrs. F. D. Davis. They were accompanied to Maryville by Miss Claire Davis, who had been visiting at Sheridan with Miss Cleo Horn-don, and with the Crater family at Ravenwood.

## VILLA SUFFERS BAD DEFEAT

Commander Wounded and Part of Staff Is Lost to Carranzists at Monterey. Special to The Democrat-Forum.

Washington, Aug. 26.—According to official advices reaching the state department from Piedras Negras Mexico, Villa's forces suffered a crushing defeat in the fighting around Monterey which has been in progress the last few days between his forces and those of Carranza.

Villa's commander withdrew from his attack on the Carranzistas after himself being wounded. He lost part of his staff to the enemy in the retreat.

Germans Celebrate Fall of Railroad Center on Russo-Poland Line as a Brilliant Victory.

## Special to The Democrat-Forum.

Berlin, August 26.—Brest-Litovsk has been captured by the German-Austro-Hungarian troops after an assault which has been in progress for days. The victory is considered one of the most brilliant ones since the war began. It was one of the strongest Russian fortifications in Poland.

It is one of the principal railroad centers of that part of Poland. In fact, part of the city lies in Russia, the Poland-Russia line extending through the town.

Petrograd, Aug. 26.—The Russian war office here admitted today that Bielystok, between Brest-Litovsk and Osnowetz, has been evacuated by the Russians, following an assault on it by German forces. The Teutonic forces are far superior in number on both the Bielsk and the Bielystok front.

## MANY AT FARMERS' JUBILEE.

Opening Day Well Attended—Fine Free Attractions—Merrill E. Otis to Speak Tomorrow.

Bishop's grove at Ravenwood was crowded with people today for the opening of the farmers' jubilee, a three days' town picnic and celebration, which will continue until Saturday night.

Hon. E. F. Bishop made the opening address at 9:30 o'clock this morning, and the day was then turned over to amusement, including various free exhibitions and plenty of music. At 3 o'clock this afternoon an address was given by the Rev. W. E. Tinney of Parnell, and at 3 o'clock the Ravenwood orchestra of sixteen pieces gave a fine program.

Tonight there will be all manner of free attractions, including a movie, the Roving Ramseys in vaudeville performances, Prof. Vanderbilt, contortionist, and other things to entertain. Tomorrow the principal feature of the day's program will be an address by the Hon. Merrill E. Otis of St. Joseph.

## GERMANS MODIFY SUBMARINE WAR

AMBASSADOR VON BERNSTORFF SO TOLD LANSING TODAY.

## KEEP OFF SHIPS OF ENEMY THOUGH, IT SAYS

Secretary of State Henry Hubert Holds Talks Undersea Warfare, But Warns Americans Again.

## Special to The Democrat-Forum.

Washington, August 26.—Germany has modified her plan of submarine warfare, German Ambassador Von Bernstorff told Secretary of State Lansing today.

He told the secretary that his telegram sent from New York at the direction of his government, in which Germany asked the United States to suspend judgment in the Arabic case, was due to this knowledge of facts.

Its plans of indiscriminately sinking all of the enemy's vessels have been changed, he said, his government would not have directed him to take the action it did.

Instead it undoubtedly points out that Americans have been fully warned not to travel on the enemy's ships.

## Special to The Democrat-Forum.

Washington, Aug. 26.—German Ambassador von Bernstorff reached the state department here at 10:30 o'clock this morning appearing very optimistic over the situation relative to the sinking of the Arabic recently. He will probably give to Secretary of State Lansing, the attitude the German government will take relative to the Arabic disaster in which American lives were lost.

Turks Storm American Quarters at Constantinople to Get Italians Harbored There.

Special to The Democrat-Forum.  
Athens, Greece, Aug. 26.—Dispatches from Salonika state that Constantinople advises report that Turkish mobs attacked the American embassy at the Ottoman capital three times and attempted to capture Italians who took refuge there during the outbreaks that followed Italy's declaration of war on Turkey.

Several members of the mob were killed by troops sent to the embassy at the request of American Ambassador Morganthau. Soldiers are still on duty to protect the Italians at the embassy.

If Russia can withstand the German attacks a while longer, it is probable that her military strength will be rapidly improved. Japan has decided to aid Russia by supplying munitions of war, and the chances for the allies to force the Dardanelles appear some better. Russia has been in a bad way for munitions. Her people are not mechanically inclined, and at the outbreak of the war her few munition plants were manned by German mechanics. These, of course, had to be changed, and the quick development of mechanics in a country that has given little attention to such things is impossible. The ports of Archangel, in the North sea, is closed by ice the greater part of the year, the Dardanelles are closed to Russia, and Vladivostok, the one Asiatic outlet, is a long way from everywhere except Japan. In the early spring Japan took China on for a short bout, and directed her energies toward accumulating supplies for her own use. As a result of these conditions Russia had little to draw upon except her original supply.

#### CAN THEY STAND THE TOLL?

All parties to the European war claim they can carry on the war indefinitely. Leaving out of consideration the question of whether they can continue the enormous and unparalleled expenditure of money and resources, let us look at the toll exacted in human lives. Germany is on a better military footing than any other country, so let us look at the case of Germany. The first of this month Germany had 1,800,000 men on the western front and 1,400,000 men on the eastern front, in addition to the Austrian forces, or a total of 3,200,000 men under arms. At the beginning of the war it was estimated that Germany had a total fighting force of about 8,000,000 men. They have never had so many in line, because it is apparently impossible to equip and furnish so large a force with supplies. They have lost in the one year of fighting about 2,000,000. This leaves them with not to exceed 6,000,000 men available for the army. Another year of the war at the same rate of loss would reduce their able bodied men to 4,000,000, or one-half, and four years would wipe them out entirely. Can Germany raise young men fast enough to take their places, and would she or any self-respecting country be willing to do it? And what would Germany be at the end of four years with her manhood all gone, or even at the end of two years with it reduced by half. Will they not stop in their madness and take cognizance of the future? What is true of Germany is true of the other nations involved. Can they stand the toll?

## GET READY KIDS!

COMMERCIAL CLUB TREATS YOU SATURDAY TO ANNUAL PICNIC.

## PLAN PLENTY OF FUN

Offer Games and Contests, With Prizes On Side, Auto Rides and Refreshments.

Final preparations are being made today for the second annual picnic to be given by the Commercial club to the several hundred grade school children of Maryville Saturday by W. R. Jackson, club secretary, and W. M. Westbrook, superintendent of city schools.

Rev. R. L. Finch has been chosen as chaperon and guardian of the boys who take the trip, and will arrange the games for the day. A committee composed of several grade school teachers and mothers of children who picnic, will chaperon the girls and look after their amusement.

Cars are being pledged this afternoon for the trip to and from the picnic grounds on the Ernest Wray farm, northeast of town. About fifty, or as many as are needed, will be provided to take the "kids" there Saturday morning and return with them that afternoon.

The first cars will leave from in front of the public library at 10 o'clock and will leave the picnic grounds at 4:30 o'clock that afternoon.

Take Your Lunch Along, Johnny! Quite a number of games and forms of amusement have been provided, for which attractive ribbons have been offered to the prize winners. First prize winners will receive blue ribbons, second prize winners red ribbons, and third prize winners white ribbons.

There will be swings installed there for the kids, besides a base ball game, basket ball contests, and other amusements. But the big treat will come at noon, when each kid will furnish some sort of lunch, to be augmented by the ice cream cones and lemonade which will be supplied free by the Commercial club.

All pupils of the grade schools of Maryville are invited to take part. High school pupils are eliminated from this picnic.

## DISTRICT REBEKAHS MEET

State Vice President and Many Visitors and Delegates in Attendance—Installation and Banquet Tonight.

With about fifty visiting delegates in the city for the opening of the session at 1:30 this afternoon, the district assembly of the Rebekah lodge convened at the Odd Fellows hall in its annual meet.

A large number of delegates are expected for the night session, at which there will be an address by the state vice president, Mrs. Verdie E. Davis of Harrisonville, which will be followed by the installation of officers and banquet.

Dinner for the visitors was served at noon in the hall and supper will also be served tonight by the Maryville lodge of Rebekahs. The afternoon session was devoted entirely to the reports of the various lodges in the district, which include Stanberry, Barnard, Ravenwood, Parnell, Pickering and Maryville. At the conclusion the officers for the coming year will be chosen.

The present district officers are Miss Bessie Cox of Maryville, president; Mrs. Smith of Ravenwood, vice president, and Miss Beattie of Barnard, secretary.

The following delegates were registered at noon:

Mrs. Verdie E. Davis, vice president of the state assembly, Harrisonville, Mo.; Catherine Law, Mrs. Fannie Dixon, Mrs. Alice Reese, Mrs. Lillian Harned, Stanberry; Jennie Rogers, Jessie Goforth, Mrs. R. F. Westfall, Mrs. R. J. Hagan, Mrs. T. Kellogg, Lorie M. Hocker, Clara Beattie, Mrs. Eunice Goforth, Mrs. M. Lavona Burns, Miss Jennie Beattie and J. S. ## Bigger Tires At Lower Prices

Sizes 30 x 3 1/2 and 30 x 3

This year we have added to Goodyear Small-size tires these three vast improvements:

We have added 20% to the air capacity, which means much added size. The larger a tire the more it will carry, as you know. Or the longer it will carry any certain load.

We have added 30% to the side wall strength. That's where constant bending breaks a thin-walled tire—just above the rim.

And we've improved the tire's design in new ways found to give it added strength.

**Cost \$317,000**

These improvements, on this year's output, will cost us \$317,000.

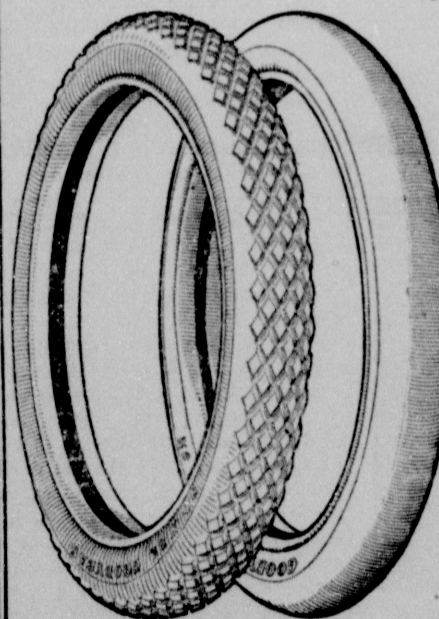

Yet this year we made another big price reduction—our third in two years, totaling 45 per cent.

## Super Tires

These are Goodyear tires which we have bettered—the leading tires. They have for years, on sheer merit, outsold any other.

Now we have added vast extra capacity. We have added much extra strength. No other tires in the world in these sizes give such value for the money.

Be sure that you get them.

## The Route That Offers Most To Exposition Tourists

It's an investment that means a lot—your trip to the California Exposition. You should buy the ticket that will pay the biggest dividends in scenic enjoyment, in attractive and interesting points reached—in luxurious, smoothly-handled train service.

The Burlington is offering a Grand Circle Tour for Exposition visitors that comprises the biggest "Seeing America First" value ever offered. If you have made a Pacific Coast tour before you will realize this. If not, ask your friends who are familiar with the West—who know what's what. Just get the facts about this Grand Circle Tour, then compare it with any other that you know about, and judge for yourself.

Stop-overs allowed at any point and 90 days to make the trip. Step in and get your copy of our California Exposition folder, next time you're going by.

## A Plain Talk To You Mr. Clothes Buyer

At this time of the year many chances are offered you to secure clothing at greatly reduced prices.

There is a certain limit to which prices may be cut and honest legitimate value given, beyond this limit one or two things must be true, either the original price was exorbitant or value of the article has depreciated.

Which do you want to buy—PRICES? or CLOTHING? The answer is up to you, Think.

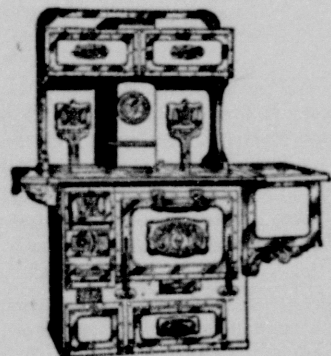

Our Tailoring Department offers you the solution, the only logic way to do business is to pay for what you get and get what you pay for.

## PARCEL POST RATES REVISED

Fees of 3 to 25 Cents Will Insure Packages Valued Up to \$100, After September 1.

Changes in parcel post insurance rates to take effect September 1, are announced in an order from Postmaster General A. S. Burleson to the Maryville office. The change provides a fee of 3 cents for insurance of packages valued up to \$5, and a fee of 25 cents for values over \$5 and up to \$100. The valuation limit is raised from \$50 to \$100.

At present there are two insurance rates. Ten cent fees are charged for values over \$25, and \$50 is the limit. Five cents covers the registry cost up to \$25 valuation. The section effective September 1, reads:

"Fourth class matter shall not be registered, but may be insured against loss in an amount equivalent to its actual value, but not to exceed \$5 in any one case, on payment of a fee of 3 cents; not to exceed \$25, on payment of fee of 5 cents; not to exceed \$50, on payment of 10 cents; not to exceed \$100 on payment of 25 cents in addition to the postage, both to be prepaid with stamps affixed, but indemnity will not be allowed in cases of loss of such mail addresses to the Philippine Islands unless the loss occurred in the postal service of the United States."

Another new rule for parcel post which will go into effect September 1 is the sender's receipt for ordinary fourth-class parcels. The purpose of this receipt is to provide senders of fourth-class parcels, when desired, a record evidencing their mailing for which a fee of one cent is charged. Their issuance does not in any way insure the parcels against loss while in the mails and no receipts are obtained from addressee upon delivery. Patrons who desire either of these latter facilities must insure their parcels.

## DEFECTIVE EYES.

**M. U. Professor Says Danger Can Be Lessened by Examination.**

The backwardness which many school children show in their studies is due to effects which may be easily corrected is the belief of Dr. M. P. Ravenel, professor of bacteriology and preventive medicine at the University of Missouri.

"Many students who are apparently normal in every respect show backwardness in their studies," said Doctor Ravenel. Such children are oftentimes considered lazy, stupid or indolent, and are a source of much mortification to their parents. They get behind other children of their own age, in school work. Repeated punishments and corrections make them stubborn and dogged.

"It is quite probable that an examination of the eyes will show some defect. With properly adjusted glasses these children generally become normal in every respect."

Doctor Ravenel said that all parents should see that their children's eyes are in good condition before they are sent to school. He warns parents against waiting until the child's spirit has been broken by punishment and degradation, and until the child feels that it is not like other children—that it has less brains and there is no use to try.

"It is important to have a child's eyes examined to avoid a waste of time and before irreparable injury has been done by delay," said Doctor Ravenel.

### The Seven Ages of Man.

President Elliott of the New Haven railroad, condemning Socialism, said: "Man is an acquisitive animal, and Socialism can't come until he loses acquisitive basis. Thus:

"First age—Sees the earth.  
"Second age—Wants it.  
"Third age—Hustles to get it.  
"Fourth age—Decides to be satisfied with only about half of it.  
"Fifth age—Becomes still more moderate.  
"Sixth age—Now content to possess a six-by-two strip of it.  
"Seventh age—Gets the strip."

### Mrs. Leet Entertains.

Mrs. Horace F. Leet entertained a few guests at a supper last night, arranged to celebrate her birthday anniversary. The table and menu appointments were carried out in pink and plates were laid for Mrs. Ed G. Orear, Mrs. Sarah Leet, Miss Alta Fullheart, Miss Elizabeth Leet and the hostess.

### Edwards-Hayes.

Amos Hayes of Burlington Junction and Miss Gertrude Edwards of Clearmont were married at 5 o'clock yesterday afternoon at the parsonage of the Buchanan Street Methodist church, the pastor, Rev. John H. Hubbard reading the marriage lines. Mr. and Mrs. Hayes will reside on a farm near Burlington Junction.

### Entertains Penelopes.

Mrs. Jeff D. Ford entertained the members of the Penelope club yesterday with a delightful afternoon Kensington and luncheon at her home. Mrs. Ford was assisted in her duties as hostess by Mrs. Omar Catterton and Mrs. R. S. Braniger. Among the visiting friends present beside the club members were Mrs. John Thompson, Mrs. L. E. Dean, Mrs. Lovell Kelley and daughter, Mrs. M. E. Farrar and Miss Ruby Melvin.

STYLE—Authoritative Style—as expressed by the leading fashion authorities of the world, is shown in the new apparel NOW on display in our Ready-to-Wear Department. Skirts are made on simple tailored lines; some being gored and others cut in modified circular effects; while many are made with plaits. In some instances the plaits appear on one side only, others at the back only, while some have them appearing both at back and front. Belts of like material continue to be favored, and pockets, which have been so largely used during the summer are equally in vogue for Fall and Winter wear.

The average skirt width is 2½ and 2¾ yards at hem. The fabrics favored for fall are Serges, Gabardines, Mixtures, Checks and Broadcloth.

The favored colors for Fall Skirts are Navy, Brown, Black, Green and Gray, with the very dark colors leading.

### Party at Godsey Home.

Miss Olivette Godsey entertained the members of the spring graduating class with a jolly party Tuesday night at the home of her parents, Mr. and Mrs. E. T. Godsey, on West Fourth street. The amusements planned for the night were a progressive school and a track meet. The school opened with the singing of "America," and then the following assembly hour program was given: Recitation, Verne Pickens; song, Mary Lewis; recitation, Vella Booth; duet, Dean Humbert and Ernest Moore; dialogue, Lucile Holmes and Marie Hopper; recitation, Irvin Harris, song, Mary Sewell; address by the school trustee, Don Roberts, and closing song, "Star Spangled Banner." All the numbers were burlesques of the most fun producing sort. The classes followed, the English study, a missing word contest and the geography class, the molding of animals from gum. In the spelling match, which concluded the school, the prizes were won by Dean Humbert and Fred Gray. The track meet events, under the captaincy of Misses Mary Lewis and Vella Booth, were a rain race, vocal high jump, tug of war and sack race. Miss Lewis' side was awarded the "silver" trophy cup. Miss Godsey was assisted by her mother in entertaining her guests, who were Miss Marie Murray, Miss Ruby Irwin, Miss Irene Westfall, Miss Vijuene Colden, Miss Amy Clark, Miss Doris Cumming, Miss Mary Lewis, Miss Marie Hopper, Miss Lucile Holmes, Miss Vella Booth, Miss Mary Sewell, Miss Kathleen Chittenden, Miss Matie Evans of Parnell, Irvin Harris, Homer Scott, Ernest Moore, Verne Pickens, Harold Sawyers, Don Roberts, Joe Farmer, Ruskin Hawkins, Fred Gray and Dean Humbert of Barnard, class members, and Harry and Miss Blanche Messick of Bolckow, who are house guests of Miss Godsey.

**CANARY ISLANDS HARD HIT BY WAR**

Exports Have Fallen Off at an Alarming Rate.

New York.—That the European war has proved a severe blow industrially to the Canary Islands was the statement made by Homer Brett, United States consul at Tenerife. Mr. Brett, who has been transferred to La Guaira, Venezuela, was a visitor at the branch office of the bureau of foreign and domestic commerce in the custom house.

"The war," said the consul, "has forced a great interest in the Canaries in everything American. Previous to the outbreak of hostilities the islanders bought practically all of their flour from England, most of the commodity being shipped from Liverpool. Now they have turned to the United States for this breadstuff, and increasing quantities are being received there. At present only American automobiles are being imported, and the natives speak highly of the makes already introduced."

"Up to the beginning of the war the Canary islands had an annual export trade of 7,000,000 crates of bananas, 5,000,000 boxes of tomatoes, 1,000,000 boxes of potatoes and 400,000 crates of onions. A large part of this trade went to southwestern Europe, but the war has placed a blight on all this business. Before the war the islanders depended upon the Scandinavian countries for all of the crate material used in packing the fruit and vegetable products. This wood is no longer available to any extent, and inquiries are now being made in the United States for shooks. The packers must have this material and are looking to this country to come to their aid."

"Another serious handicap in the islands is the shortage of fertilizers. Up to the start of the war the bulk of fertilizer was imported from Antwerp, and a lesser quantity from London. This trade has, of course, been greatly upset, and when I left Tenerife they were negotiating with American firms for needed supplies. There is also a serious shortage in coal and cement. The Canaries are an annual market for 1,000,000 tons of coal, practically all of which before the war was supplied from Newcastle."

**Dear Wrecks Hat Window.**

New London, Conn.—A buck deer appeared in New London and after doing much damage was killed. He jumped through a window in a millinery store and proceeded to wreck it. Two policemen and Eugene McCann, manager for Commodore Morton F. Plant's baseball team, followed it and attempted to "shoot" it out. Instead of being "shooed," the deer showed fight, and all three men were injured before it was killed.

**MRS. WOODSON SMITH VERY ILL.**

Former Resident in Critical Condition at Home in Kansas City.

Mrs. Woodson Smith, who is widely known in this city, is critically ill at her home in Kansas City, and the latest report received here was that serious doubt is entertained for her recovery.

Mrs. Smith has been in very poor health for the past year. This summer she improved and went to southern California, made a trip to the Hawaiian islands and spent some time in travel. This brought her a slight benefit, but several weeks ago she suffered a relapse.

Maryville relatives were notified today noon by a message from Leon Smith, a son of Woodson Smith, as to Mrs. Smith's condition today.

## PICK 20 POLICE FOR FAIR GROUNDS

GROUNDS AND CITY TO BE WELL POLICED NEXT WEEK.

## URGE ONE-WAY TRAFFIC TO AVOID CONGESTIONS

Take First Street to Exhibition and Others on Return, Chief Moberly Advises.

A special police of about twenty men will assist the regular officers in maintaining order both uptown and at the grounds during the Nodaway county fair here next week, Mayor U. S. Wright announced this morning. A. O. Mason, president of the fair association has selected six men for the work, James A. Ford, fair manager, will select about ten, while Mayor Wright and Marshal Moberly will pick five or six Saturday or Monday.

The officers selected by Mr. Mason and Mr. Ford will patrol the fair grounds and the streets leading to the grounds, while those picked by the city officials will maintain order up-town. In order to better facilitate traffic to and from the fair grounds next week, and thereby eliminate congestion in traffic and lessen the danger to pedestrians, Chief Moberly today, issued a notice, that all traffic towards the fair, shall be on East First street, and that all traffic from the fair grounds shall be on East Second, East Third and East Fourth.

Ballooning Is Here. While this order was promulgated primarily to regulate the commercial business that week, it also will affect those who drive their own cars or vehicles. It is suggested that the cars be stopped at First and Depot streets, and then when returning to the city, they be driven north on Depot to either Second, Third or Fourth.

J. G. Wright of Oklahoma City, Okla., arrived in Maryville today to prepare for his balloon ascensions at the fair grounds each day next week. Mr. Wright carries the marks of an aviator or balloonist wherever he goes, for he has a pug leg, received in a fall from a "gas bag" years ago. But it has not daunted him in his flying a bit he says. In fact each time he flies, he goes a little higher and makes a little more spectacular leap from the parachute, he says.

He will compete with Capt. J. H. Worden in aerial stunts. Worden is a heavier-than-air-machine, and Wright in a gas bag.

And Then the Fireworks! Another big entertainment planned for the county fair here next week, is the pyrotechnical displays to be again given this year by "Fearless" Blondin

"FEARLESS" BLONDIN.

and Mrs. Blondin, in the center field of the race course.

But it will be almost entirely different from last year, he promises. Of course there will be the usual preliminary fireworks, but all the remainder will be virtually new to Maryville persons, he says. The big treat of all is

the sinking of the steamship Lusitania. It can not be described, but as Mr. Blondin himself says, the better way is merely to imagine the way the real Lusitania went down in the Atlantic ocean, recently, and that way catch an idea of what will be shown here by him next week by fireworks, many of which he himself makes.

### Here to Prepare Race Charts.

Blondin has nearly everything already arranged for the displays, and now only awaits the opening of the big fair grounds gates next Monday night, to give his week of pyrotechnical marvels.

W. G. Geary of Oklahoma City, who had charge of the distribution of the racing programs at the county fair here last summer, arrived in Maryville this morning to again get up the racing charts and programs for next week's exhibition.

## FINISH INSPECTION

CLUB WOMEN COMPLETE TOUR OF CITY FOOD SHOPS.

## REPORT IS FAVORABLE

"White List" Placards Placed in All Places Which Meet Requirements of State Sanitation Laws.

A thorough inspection of all food shops, bakeries, cafes and hotels in the city, made this week by the home economics committee of the City Federation of Women's Clubs, has shown conditions to be extremely good, and in every case compliance was made with all state sanitation laws and only in a few minor ways could adverse censure or criticism be made.

A few of the places in the list of food supply shops are yet to be visited. The committee is composed of Miss Orril Helwig and Miss Jessie Parcher. In the inspection, every detail in accordance with the strictest rules of sanitation and hygiene was judged, and similar trips will be made at intervals to see that the conditions remain good. "White List" placards were hung in all the places visited showing the shop met the requirements of the state laws.

Twenty-Six Places Inspected. The places inspected were Townsend, Remus, Schumacher, Byers, McCaffrey & Swords, J. B. Nunnally, Buhler, Andrews & Hempstead, and Culverson grocery houses; Townsend wholesale grocery; Forsyth, Vandersloot, Buhler, Reimer and A. Stapler, meat markets; Linville, Ream and County Seat hotels; Merchants Cafe, Reuillard's, Cook home bakery, Moyer & O'Grady, Binter & Luger, restaurants and bakeries; Elliott Bros., and the Orear and Pierson drug stores.

Because of the absence of the proprietor, the committee deferred the inspection of the Candy Kitchen until a later date.

The places yet to be visited are the Forsyth and Vandersloot slaughter houses and the Siler & Smith restaurant, which completes the number in the city.

### Special Mention for Several.

Several places visited were given a special mention by the committee. These were the Townsend and Remus grocery, Forsyth, Vandersloot and Stapler meat markets, and the Merchants cafe. In all of these places the committee found conditions, by the use of the newest and best of sanitary equipment and arrangement to be exceptionally good. In the list of "honorable mention" is also included all the soda fountains in the city. In these cases the inspection was very carefully made and there was none but which stood the most thorough test with the highest approval of the committee.

### Police Court Fines Two \$20.

Frank Monroe was fined \$5 and costs for drunkenness and \$5 and costs for vagrancy, and Bert Martin was fined \$10 for disturbance of the peace in police court this morning. Neither paid, but promised to soon. Each pleaded guilty to the charges.

## 62 FRENCH PLANES ATTACK WAR PLANT

DILLINGEN, GERMANY DAMAGED BY FALL OF 150 BOMBS.

## IT WAS GREATEST AIR RAID IN PRESENT WAR

Entre Franco Aerial Fleet Takes Part in Night Attack on Prussian City—Destruction in Wake.

Special to The Democrat-Forum. Paris, August 26.—Dillingen, Germany, the seat of war munition factories, was attacked last night by sixty-two French aeroplanes, which dropped one hundred and fifty bombs on the town, resulting in great damage to blast furnaces, arms factories and converted plants which turned out war munitions, beginning with the outbreak of the war.

It was the greatest air raid since the outbreak of the present European war. The attack came without warning, and included virtually the entire aerial fleet of the French government.

Dillingen is in Prussia, Germany. It is a small city, but is the seat of many war munition factories at present, employing much help. It is not far from the France-Germany line.

## FEDS WIN 5 TO 1 FROM BURLINGTON

Maryville Scores First Two in Second Inning—Attendance 800—Locals Play Airtight Ball.

The Maryville Federals won from the Burlington Junction Boosters this afternoon 5 to 1 in the first game of the base ball tournament today. Burlington Junction got its only run in the ninth inning. The attendance was 800. All Federal players played airtight ball. The score by innings:

First inning—Burlington Junction—Ryan struck out. Beesinger flew out to Scott. Castle hit through short, stole second. Graham flew out to center. No runs, one hit, no errors.

Maryville—Morse hit to left. Palfreyman hit to third, forced Morse at second, Palfreyman goes to second on passed ball. Walker struck out. Richardson first base on balls. Palfreyman goes to third on passed ball. Palfreyman scores on passed ball. Richardson takes third. Horan hit through second, Richardson scoring. Horan steals second. Scott out, second to first. 2 runs, 2 hits, no errors.

Second inning—Burlington Junction—Hagey out at first, Scott to Tilson. Monk struck out. Sewell flew to center. No runs, no hits, no errors.

Maryville—Tilson struck out. Woodward struck out. McKee struck out. No runs, no hits, no errors.

Third inning—Burlington Junction—Browning struck out. Wyland walked. Ryan flew out to right. Beesinger flew out to right. No runs, no hits, no errors.

Maryville—Morse flew out to center. Palfreyman struck out. Beesinger muffed Walker's line drive to center. Richardson hit to second, who fumble ball. Walker out trying to make third from first. No runs, no hits, one error.

Fourth inning—Burlington Junction—Castle fouled out to Walker. Monk out, Palfreyman to Tilson. Sewell out same route. No runs, no hits, no errors.

Maryville—Horan hit to center for two bases. Scott flew to short. Horan steals third. Tilson hit to center and takes second on throw to catch Horan, who scores. Woodward walks. McKee walks, filling bases. York now pitching for Burlington Junction. Morse struck out. Palfreyman struck out. 1 run, 2 hits, no errors.

Fifth inning—Burlington Junction—Monk flew to Palfreyman in deep short. Sewell struck out. Browning singled to right. York walks. Ryan hit to Palfreyman, who doubled York at second. No runs, no hits, no errors.

Maryville—Walker hit to center. Richardson out, York to Graham. Walker safe at third, Graham to Browning. Horan out, York to Graham. Scott struck out. No runs, 1 hit, no errors.

## W. C. YATES, MILITIA OFFICER

Burlington Junction Man, Formerly of Marine Service, Now Lieutenant of Company F.

William C. Yates, who has been employed at Caldwell & Sons, near Burlington Junction, was elected first lieutenant of Company F, Fourth regiment, National Guards, at a special election last night to succeed Loren DeMotte, who resigned last spring.

Mr. Yates has had four years' service in the U. S. marine corps. He expects to move to Maryville soon, according to Captain John K. Ross, and go with the company to the annual encampment at Kansas City, September 5-12.

An outdoor drill was held by the company last night, following election. This is the first for several months. Captain Ross intends to hold drill tomorrow night and every night next week, so as to get the members in good training before encampment.

## FEDS TAKE FIRST

HOPKINS LOST OPENING CONTEST OF TOURNEY.

## CONTEST ONE RESULT

Junctionites Played Five "Imports" Instead of Four, Losers Claim—McKee Pitches for Locals.

The Maryville Federals easily won from Hopkins in the opening game of the three days' base ball tournament at the Normal grounds yesterday afternoon, defeating that team by the score of 10 to 0. The Burlington Junction Boosters also had fairly easy picking in the Guilford team, winning by the score of 5 to 1.

This means that Maryville and Burlington Junction are playing the first game this afternoon, starting at 2 o'clock, while Guilford and Hopkins will take up the contest next. The Guilford management is raising some little fuss this morning over the fact that Burlington Junction played five outside players yesterday afternoon, instead of four, as they announced.

It may result in yesterday's game between the two teams being played over again, Manager Cleve Funk announces. Yet, as Guilford was behind two scores when the change from four to five outside players was made, it would have made no difference anyway, for Guilford never got scores enough to even up.

### Started All Right.

In starting the game Burlington Junction played Ryan, Pruitt, Castle and Graham, each said to be "imports" for the tournament. In the first of the fourth inning Pruitt was succeeded by York. This made but four "imports" being played at the same time, but the rule is that only four "imports" can be played during a game.

The lineup of the Maryville Federals in the opening game this afternoon is: McKee, p; Richardson, c; Tilson, 1b; Scott, 2b; Walker, 3b; Palfreyman, ss; Morse, lf; Horan, cf; Willey, rf.

The lineup for Burlington Junction is: Ryan, ss; York, cf; Castle, c; Graham, 1b; Monk, 2b; Hagey, lf; Sewell, rf; Browning, 3b; Wayland, p. Wayland comes from the Kansas City Athletic club team of Kansas City. York of Troy, Kan., also is on hand to succeed Wayland if necessary.

### The Outlook Today.

In the game between Guilford and Hopkins, Frank Ham will probably pitch for Guilford, with Green of Dearborn, the fellow who killed a player at Dearborn two months ago by a pitched ball, on the bench as assistant if need be.

Hopkins will put Harry "Frosty" Thomas in the box. The remainder of the lineup for both Hopkins and Guilford will remain virtually the same as was presented yesterday.

The games yesterday were attended by about 700 persons, many from out of town. Burlington Junction perhaps furnished the largest crowd of rooters, and also will probably repeat today.

Will McCarty of Stanberry and Lang of Clearmont acted as umpires yesterday.

The score of the game between Maryville and Hopkins:

R.H.E.  
Hopkins .....000000000—0 2 4  
Maryville .....401005000—10 5 5

The score of the game between Guilford and Burlington Junction:

Burlington Jct .....02102000—5 5 1  
Guilford .....01000000—1 5 3

### Announce Birth of Son.

Dr. and Mrs. W. H. Hindman of Quitman announce the birth of their son this morning.

## HAVE MARKED O.K. SHORT LINE SOUTH

PUBLIC HIGHWAY MARYVILLE TO COUNTY LINE DESIGNATED.

## ST. JOE LABELS ROAD ON NORTH TO SAVANNAH

Commercial Club Committee Here Places Markers at Each Cross-road and Danger Point.

The O. K. route from Maryville to the south line of Nodaway county and from St. Joseph to this side of Savannah is now charted and marked, so that only a blind or drunken person could get off the trail now, according to W. R. Jackson, secretary of the Commercial club.

The highway committee of the club, of which John H. Sewell is chairman, has just completed the marking from Maryville to the south county line, while the St. Joseph Automobile club marked the highway from that city to this side of Savannah.

Three and four marks were placed at each cross road and danger signals installed at every bad turn or railroad crossing, or any other place in the course that would probably be dangerous or result in persons traversing it to get off the route.

The mark consists of a white band eighteen inches wide with a 6-inch red band both at the top and bottom.

### Shortens Route to St. Joe.

The highway south of Maryville follows the old Glidden route, in an almost due south direction, with the exception of several jogs near Bridge-water. It makes the distance forty-four miles from Maryville to St. Joseph, or six miles shorter than to the same places on the Saints' Highway.

Both routes leave Maryville over South Main street, but diverge a short distance south of town.

The highway is being put back in nearly normal condition now and the damaged bridges and bad places, caused by the recent heavy rains, is slowly being repaired. The traffic over both the Saints' Highway and the O. K. route this summer has been quite heavy on account of so much cross-country travel to the Pacific coast.

## BRIDGE REMAINS IN CREEK

Two County Gangs Fail to Recover White Cloud Span Near Davis School.

After two unsuccessful attempts to recover the bridge which spanned the White Cloud in White Cloud township, west of the Davis school house, until the flood waters took it out recently, W. M. Blackford, presiding judge of the county court, is considering a proposition to get expert divers to locate it.

J. E. Reece, county highway engineer, first took a gang there to get the bridge out of the creek, but failed, after which Edward Hollensbee was sent with a force of men to recover it, with the same results. They say the structure is beneath the water.

## MET IN CONVENTION.

Sunday Schools of Green Township Held Session at Quitman Yesterday and Elected Officers.

A convention of the Sunday school of Green Township was held Wednesday at Quitman in the Christian church. The officers elected were:

President, A. Reed; vice president, Miss Nina Bowman; secretary, Mrs. Pauline Smith; treasurer, Miss Edess Smith; Superintendent elementary department, Miss Ethel Gillingier; superintendent secondary department, Mrs. Dick Brooks; superintendent adult department, Mrs. J. A. Crites; superintendent home department, Mrs. A. Britton; missionary department, Mrs. Mark Carden; temperance department, Mrs. S. S. Wolcott.

The convention was fairly well attended and a great interest shown. Rev. Cunningham of Skidmore gave an address at the meeting last evening. Misses Nellie Wray and Eva Davis and H. C. Bower of Maryville attended the meeting. Miss Wray sang a solo before the convention.

### Ravenwood Guests Here.

Mr. and Mrs. Alfred Crater and family of Ravenwood spent Tuesday in Maryville visiting Mrs. Crater's parents, Mr. and Mrs. F. D. Davis. They were accompanied to Maryville by Miss Claire Davis, who had been visiting at Sheridan with Miss Cleo Hernando, and with the Crater family at Ravenwood.

## VILLA SUFFERS BAD DEFEAT

Commander Wounded and Part of Staff Is Lost to Carranzistas at Monterey. Special to The Democrat-Forum.

Washington, Aug. 26.—According to official advices reaching the state department from Piedras Negras Mexico, Villa's forces suffered a crushing defeat in the fighting around Monterey which has been in progress the last few days between his forces and those of Carranza.

Villa's commander withdrew from his attack on the Carranzistas after himself being wounded. He lost part of his staff to the enemy in the retreat.

Germans Celebrate Fall of Railroad Center on Russo-Poland Line as a Brilliant Victory.

### Special to The Democrat-Forum.

Berlin, August 26.—Brest-Litovsk has been captured by the German-Austro-Hungarian troops after an assault which has been in progress for days. The victory is considered one of the most brilliant ones since the war began. It was one of the strongest Russian fortifications in Poland.

It is one of the principal railroad centers of that part of Poland. In fact, part of the city lies in Russia, the Poland-Russia line extending through the town.

Petrograd, Aug. 26.—The Russian war office here admitted today that Brest-Litovsk, between Brest-Litovsk and Ossowetz, has been evacuated by the Russians, following an assault on it by German forces. The Teutonic forces are far superior in number on both the Brest and the Brest-Litovsk front.

### MANY AT FARMERS' JUBILEE.

Opening Day Well Attended—Fine Free Attractions—Merrill E. Otis to Speak Tomorrow.

Bishop's grove at Ravenwood was crowded with people today for the opening of the farmers' jubilee, a three days' town picnic and celebration, which will continue until Saturday night.

Hon. E. F. Bishop made the opening address at 9:30 o'clock this morning, and the day was then turned over to amusement, including various free exhibitions and plenty of music. At 2 o'clock this afternoon an address was given by the Rev. W. E. Tinney of Parnell, and at 3 o'clock the Ravenwood orchestra of sixteen pieces gave a fine program.

Tonight there will be all manner of free attractions, including a movie, the Roving Ramseys in vaudeville performances, Prof. Vanderbilt, contortionist, and other things to entertain. Tomorrow the principal feature of the day's program will be an address by the Hon. Merrill E. Otis of St. Joseph.

### Special to The Democrat-Forum.

Washington, August 26.—Germany has modified her plan of submarine warfare, German Ambassador Von Bernstorff told Secretary of State Lansing today.

He told the secretary that his telegram sent from New York at the direction of his government, in which Germany asked the United States to suspend judgment in the Arabic case, was due to this knowledge of facts.

Its plans of indiscriminately sinking all of the enemy's vessels hasn't been changed, he said, his government would not have directed him to take the action it did.

Instead it undoubtedly points out that Americans have been fully warned not to travel on the enemy's ships.

Washington, Aug. 26.—German Ambassador von Bernstorff reached the state department here at 10:30 o'clock this morning appearing very optimistic over the situation relative to the sinking of the Arabic recently. He will probably give to Secretary of State Lansing, the attitude the German government will take relative to the Arabic disaster in which American lives were lost.

We are authorized to announce Robert L. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

In case of hostilities Colonel Roosevelt and Frank P. Walsh should be mobilized at once.

Some people are demanding new leaders for the Republican party. It is a leaders enough now. What it wants is more followers.

The prosecuting attorney of Randolph county has filed fourteen "counts" against Snow Terrill, charged with selling liquor without a license. Snow is pretty apt to take the count.

During the annual conference of governors now in session at Boston, it is said that the governor of each state will be called upon to name the greatest man in his state. Will modesty forbid when Missouri is reached?

If Russia can withstand the German attacks a while longer, it is probable that her military strength will be rapidly improved. Japan has decided to aid Russia by supplying munitions of war, and the chances for the allies to force the Dardanelles appear some better. Russia has been in a bad way for munitions. Her people are not mechanically inclined, and at the outbreak of the war her few munition plants were manned by German mechanics. These, of course, had to be changed, and the quick development of mechanics in a country that has given little attention to such things is impossible. The ports of Archangel, in the North sea, is closed by ice the greater part of the year, the Dardanelles are closed to Russia, and Vladivostok, the one Asiatic outlet, is a long way from everywhere except Japan. In the early spring Japan took China on for a short bout, and directed her energies toward accumulating supplies for her own use. As a result of these conditions Russia had little to draw upon except her original supply.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. ### CAN THEY STAND THE TOLL?

All parties to the European war claim they can carry on the war indefinitely. Leaving out of consideration the question of whether they can continue the enormous and unparalleled expenditure of money and resources, let us look at the toll exacted in human lives. Germany is on a better military footing than any other country, so let us look at the case of Germany. The first of this month Germany had 1,800,000 men on the western front and 1,400,000 men on the eastern front, in addition to the Austrian forces, or a total of 3,200,000 men under arms. At the beginning of the war it was estimated that Germany had a total fighting force of about 8,000,000 men. They have never had so many in line, because it is apparently impossible to equip and furnish so large a force with supplies. They have lost in the one year of fighting about 2,000,000. This leaves them with not to exceed 6,000,000 men available for the army. Another year of the war at the same rate of loss would reduce their able bodied men to 4,000,000, or one-half, and four years would wipe them out entirely. Can Germany raise young men fast enough to take their places, and would she or any self-respecting country be willing to do it? And what would Germany be at the end of four years with her manhood all gone, or even at the end of two years with it reduced by half. Will they not stop in their madness and take cognizance of the future? What is true of Germany is true of the other nations involved. Can they stand the toll?

## GET READY KIDS!

COMMERCIAL CLUB TREATS YOU SATURDAY TO ANNUAL PICNIC.

## PLAN PLENTY OF FUN

Offer Games and Contests, With Prizes On Side, Auto Rides and Refreshments.

Final preparations are being made today for the second annual picnic to be given by the Commercial club to the several hundred grade school children of Maryville Saturday by W. R. Jackson, club secretary, and W. M. Westbrook, superintendent of city schools.

Rev. R. L. Finch has been chosen as chaperon and guardian of the boys who take the trip, and will arrange the games for the day. A committee composed of several grade school teachers and mothers of children who picnic, will chaperon the girls and look after their amusement.

Cars are being pledged this afternoon for the trip to and from the picnic grounds on the Ernest Wray farm, northeast of town. About fifty, or as many as are needed, will be provided to take the "kids" there Saturday morning and return with them that afternoon.

The first cars will leave from in front of the public library at 10 o'clock and will leave the picnic grounds at 4:30 o'clock that afternoon.

Take Your Lunch Along, Johnny! Quite a number of games and forms of amusement have been provided, for which attractive ribbons have been offered to the prize winners. First prize winners will receive blue ribbons, second prize winners red ribbons, and third prize winners white ribbons.

There will be swings installed there for the kids, besides a base ball game, basket ball contests, and other amusements. But the big treat will come at noon, when each kid will furnish some sort of lunch, to be augmented by the ice cream cones and lemonade which will be supplied free by the Commercial club.

All pupils of the grade schools of Maryville are invited to take part. High school pupils are eliminated from this picnic.

## DISTRICT REBEKAHS MEET

State Vice President and Many Visitors and Delegates in Attendance—Installation and Banquet Tonight.

With about fifty visiting delegates in the city for the opening of the session at 1:30 this afternoon, the district assembly of the Rebekah lodge convened at the Odd Fellows hall in its annual meet.

A large number of delegates are expected for the night session, at which there will be an address by the state vice president, Mrs. Vencie E. Davis of Harrisonville, which will be followed by the installation of officers and banquet.

Dinner for the visitors was served at noon in the hall and supper will also be served tonight by the Maryville lodge of Rebekahs. The afternoon session was devoted entirely to the reports of the various lodges in the district, which include Stanberry, Barnard, Ravenwood, Parnell, Pickering and Maryville. At the conclusion the officers for the coming year will be chosen.

The present district officers are Miss Bessie Cox of Maryville, president; Mrs. Smith of Ravenwood, vice president, and Miss Beattie of Barnard, secretary.

The following delegates were registered at noon:

Mrs. Vencie E. Davis, vice president of the state assembly, Harrisonville, Mo.; Catherine Law, Mrs. Fannie Dixon, Mrs. Alice Reese, Mrs. Lillian Harned, Stanberry; Jennie Rogers, Jessie Goforth, Mrs. R. F. ## Bigger Tires At Lower Prices

Sizes 30 x 3 1/2 and 30 x 3

This year we have added to Goodyear Small-size tires these three vast improvements:

We have added 20% to the air capacity, which means much added size. The larger a tire the more it will carry, as you know. Or the longer it will carry any certain load.

We have added 30% to the side wall strength. That's where constant bending breaks a thin-walled tire—just above the rim.

And we've improved the tire's design in new ways found to give it added strength.

## Cost \$317,000

These improvements, on this year's output, will cost us \$317,000.

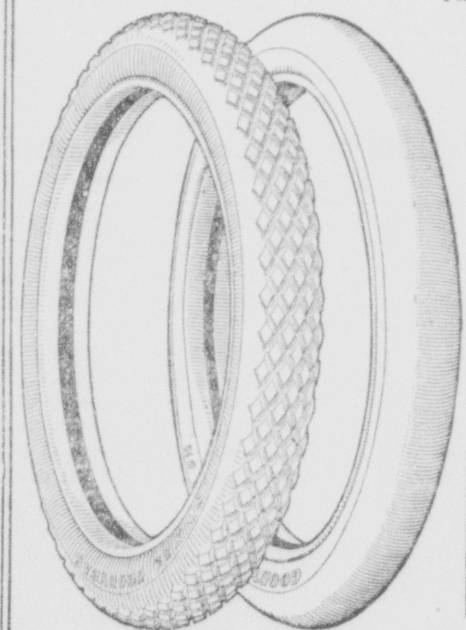

Yet this year we made another big price reduction—our third in two years, totaling 45 per cent.

## Super Tires

These are Goodyear tires which we have bettered—the leading tires. They have for years, on sheer merit, outsold any other.

Now we have added vast extra capacity. We have added much extra strength. No other tires in the world in these sizes give such value for the money.

Be sure that you get them.

## A Plain Talk To You Mr. Clothes Buyer

At this time of the year many chances are offered you to secure clothing at greatly reduced prices.

There is a certain limit to which prices may be cut and honest legitimate value given, beyond this limit one or two things must be true, either the original price was exorbitant or value of the article has depreciated.

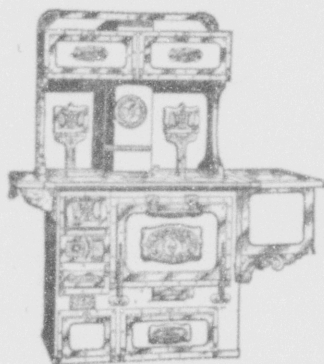

Which do you want to buy—PRICES? or CLOTHING? The answer is up to you, Think.

Our Tailoring Department offers you the solution, the only logic way to do business is to pay for what you get and get what you pay for.

## PARCEL POST RATES REVISED

Fees of 3 to 25 Cents Will Insure Packages Valued Up to \$100, After September 1.

Changes in parcel post insurance rates to take effect September 1, are announced in an order from Postmaster General A. S. Hurlston to the Maryville office. The change provides a fee of 3 cents for insurance of packages valued up to \$5, and a fee of 25 cents for values over \$5 and up to \$100. The valuation limit is raised from \$50 to \$100.

At present there are two insurance rates. Ten cent fees are charged for values over \$25, and \$50 is the limit. Five cents covers the registry cost up to \$25 valuation. The section effective September 1, reads:

"Fourth class matter shall not be registered, but may be insured against loss in an amount equivalent to its actual value, but not to exceed \$5 in any one case, on payment of a fee of 3 cents; not to exceed \$25, on payment of fee of 5 cents; not to exceed \$50, on payment of 10 cents; not to exceed \$100 on payment of 25 cents in addition to the postage, both to be prepaid with stamps affixed, but indemnity will not be allowed in cases of loss of such mail addresses to the Philippine Islands unless the loss occurred in the postal service of the United States."

Another new rule for parcel post which will go into effect September 1 is the sender's receipt for ordinary fourth-class parcels. The purpose of this receipt is to provide senders of fourth-class parcels, when desired, a record evidencing their mailing for which a fee of one cent is charged. Their issuance does not in any way insure the parcels against loss while in the mails and no receipts are obtained from addressee upon delivery. Patrons who desire either of these latter facilities must insure their parcels.

## DEFECTIVE EYES.

M. U. Professor Says Danger Can Be Lessened by Examination.

The backwardness which many school children show in their studies is due to effects which may be easily corrected is the belief of Dr. M. P. Ravenel, professor of bacteriology and preventive medicine at the University of Missouri.

"Many students who are apparently normal in every respect show backwardness in their studies," said Doctor Ravenel. Such children are often-times considered lazy, stupid or indolent, and are a source of much mortification to their parents. They get behind other children of their own age, in school work. Repeated punishments and corrections make them stubborn and dogged.

"It is quite probable that an examination of the eyes will show some defect. With properly adjusted glasses these children generally become normal in every respect."

Doctor Ravenel said that all parents should see that their children's eyes are in good condition before they are sent to school. He warns parents against waiting until the child's spirit has been broken by punishment and degradation, and until the child feels that it is not like other children—that it has less brains and there is no use to try.

"It is important to have a child's eyes examined to avoid a waste of time and before irreparable injury has been done by delay," said Doctor Ravenel.

## Stylish Separate Skirts

Anxious to see the new styles? See our display of advance styles in new Dress Skirts and get acquainted with the *Correct Modes for Autumn.*

STYLE—Authoritative Style—as expressed by the leading fashion authorities of the world, is shown in the new apparel NOW on display in our Ready-to-Wear Department. Skirts are made on simple tailored lines; some being gored and others cut in modified circular effects; while many are made with plaits. In some instances the plaits appear on one side only, others at the back only, while some have them appearing both at back and front. Belts of like material continue to be favored, and pockets, which have been so largely used during the summer are equally in vogue for Fall and Winter wear.

The average skirt width is 2½ and 2¾ yards at hem. The fabrics favored for fall are Serges, Gabardines, Mixtures, Checks and Broadcloth.

The favored colors for Fall Skirts are Navy, Brown, Black, Green and Gray, with the very dark colors leading.

Our showing is very complete of Wooltex and other high grade makes

## Party at Godsey Home.

Miss Olivette Godsey entertained the members of the spring graduating class with a jolly party Tuesday night at the home of her parents, Mr. and Mrs. E. T. Godsey, on West Fourth street. The amusements planned for the night were a progressive school and a track meet. The school opened with the singing of "America," and then the following assembly hour program was given: Recitation, Verne Pickens; song, Mary Lewis; recitation, Vella Booth; duet, Dean Hubbard and Ernest Moore; dialogue, Lucille Holmes and Marie Hopper; recitation, Irvin Harris, song, Mary Sewell; address by the school trustee, Don Roberts, and closing song, "Star Spangled Banner." All the numbers were burlesques of the most fun producing sort. The classes followed, the English study, a missing word contest and the geography class, the molding of animals from gum. In the spelling match, which concluded the school, the prizes were won by Dean Hubbard and Fred Gray. The track meet events, under the captaincy of Misses Mary Lewis and Vella Booth, were a rain race, vocal high jump, tug of war and sack race. Miss Lewis' side was awarded the "silver" trophy cup. Miss Godsey was assisted by her mother in entertaining her guests, who were Miss Marie Murray, Miss Ruby Irwin, Miss Irene Westfall, Miss Vijuone Colden, Miss Amy Clark, Miss Doris Cunningham, Miss Mary Lewis, Miss Marie Hopper, Miss Lucille Holmes, Miss Vella Booth, Miss Mary Sewell, Miss Kathleen Chittenden, Miss Matie Evans of Parnell, Irvin Harris, Homer Scott, Ernest Moore, Verne Pickens, Harold Sawyers, Don Roberts, Joe Farmer, Ruskin Hawkins, Fred Gray and Dean Hubbard of Barnard, class members, and Harry and Miss Blanche Messick of Bolckow, who are house guests of Miss Godsey.

**Here's a Job for Tall Man.**  
Special to The Democrat-Forum.  
Tulsa, Okla., August 26.—"Wanted—Tall men to gather corn." This advertisement, which appeared in a country newspaper in this section, attracted considerable attention and created much amusement until the author, a farmer, explained he meant just what he said.  
"You see, I have a field of corn which looks like it is eighteen feet tall, and I must either supply my help with ladders or else search the country for the tallest men I can find in order to gather it," he said. "A little man has no business in an eastern Oklahoma corn field this year, for an average corn field looks like a forest."

Adler-I-ka never gripes, is safe to use and the instant action is surprising. The Koch Pharmacy.

### CANARY ISLANDS HARD HIT BY WAR

Exports Have Fallen Off at an Alarming Rate.

New York.—That the European war has proved a severe blow industrially to the Canary Islands was the statement made by Homer Brett, United States consul at Tenerife. Mr. Brett, who has been transferred to La Guaira, Venezuela, was a visitor at the branch office of the bureau of foreign and domestic commerce in the custom house. "The war," said the consul, "has forced a great interest in the Canaries in everything American. Previous to the outbreak of hostilities the islanders bought practically all of their flour from England, most of the commodity being shipped from Liverpool. Now they have turned to the United States for this breadstuff, and increasing quantities are being received there. At present only American automobiles are being imported, and the natives speak highly of the makes already introduced."

"Up to the beginning of the war the Canary Islands had an annual export trade of 7,000,000 crates of bananas, 5,000,000 boxes of tomatoes, 1,000,000 boxes of potatoes and 400,000 crates of onions. A large part of this trade went to southwestern Europe, but the war has placed a blight on all this business. Before the war the islanders depended upon the Scandinavian countries for all of the crate material used in packing the fruit and vegetable products. This wood is no longer available to any extent, and inquiries are now being made in the United States for shooks. The packers must have this material and are looking to this country to come to their aid."

**Deer Wrecks Hat Window.**  
New London, Conn.—A buck deer appeared in New London and after doing much damage was killed. He jumped through a window in a millinery store and proceeded to wreck it. Two policemen and Eugene McCann, manager for Commodore Morton F. Plant's baseball team, followed it and attempted to "shoo" it out. Instead of being "shooed," the deer showed fight, and all three men were injured before it was killed.

### MRS. WOODSON SMITH VERY ILL

Former Resident in Critical Condition at Home in Kansas City.

Mrs. Woodson Smith, who is widely known in this city, is critically ill at her home in Kansas City, and the latest report received here was that serious doubt is entertained for her recovery.

Mrs. Smith has been in very poor health for the past year. This summer she improved and went to southern California, made a trip to the Hawaiian islands and spent some time in travel. This brought her a slight benefit, but several weeks ago she suffered a relapse.

Maryville relatives were notified today noon by a message from Leon Smith, a son of Woodson Smith, as to Mrs. Smith's condition today.
